CONTENTS—PROCEEDINGS Vol. 36, 1940

(From September 1939 JOURNAL)

Reconstruction of the Ice Skating Rink at the University of Illinois.... 1
By JOHN DOAK
Discussion (from February 1940 JOURNAL)..... 20–1

Design Coefficients for Building Frames..... 21
By A. J. BOASE and J. T. HOWELL

Effect of Weight of Tampers and Number of Tamps on the Flexural Strength of Concrete Silo Staves..... 37
By C. A. HUGHES, DALTON G. MILLER, and PHILIP W. MASON

Tests of Considere Hinges Under Direct Stress, Bending, and Shear.... 49
By G. C. ERNST

High Yield-Point Steel as Tension Reinforcement in Beams..... 65
By BRUCE JOHNSTON and KENNETH C. COX
Discussion (from April 1940 JOURNAL)..... 80–1

Natural Period of Vibration of Building Frames..... 81
By JOHN E. GOLDBERG
Discussion (from February 1940 JOURNAL)..... 96–1

Job Problems and Practice..... 97
36–45 **Out with the "yard"**..... 97
36–46 **Lead covered cables in concrete?**..... 98
36–21 **How to design concrete mixtures?**..... 99

Current Reviews 105

(From November 1939 JOURNAL)

Tests on Concrete Masonry Units Using Tamping and Vibration Molding Methods..... 121
By KURT F. WENDT and PAUL M. WOODWORTH
Discussion (from *Supplement* to September 1940 JOURNAL).... 164–1

The Corridor Beam Floor..... 165
By C. A. WILLSON
Discussion (from April 1940 JOURNAL)..... 168–1

Tests of the Resistance to Rain Penetration of Walls Built of Masonry and Concrete..... 169
By R. E. COPELAND and C. C. CARLSON
Discussion (from *Supplement* to September 1940 JOURNAL).... 192–1

Forms for Architectural Concrete..... 193
By A. J. BOASE
Discussion (from April 1940 JOURNAL)..... 204–1

Prestressed Reinforced Joists Under Loading Tests 205
By R. E. MILLS and W. B. MILLER

Job Problems and Practice 213
36–47 **Handling materials and products in a small block plant?** 213
36–48 **Floors in light occupancy buildings?** 214
36–49 **Effect of animal and vegetable oils on concrete?** 215
36–28 **What heat will concrete withstand without deterioration?** 216
36–50 **Effect of long time mixing** 218
36–51 **Bond strength of triangular reinforcing bars?** 219

Current Reviews 221

(From January 1940 JOURNAL)

Proposed Revisions of "Building Regulations for Reinforced Concrete" (A. C. I. 501-36T) 237
Reported by Committee 501, A. W. STEPHENS, Chairman;
R. R. ZIPPRODT, Secretary
Errata—A. C. I. 501-36T 261
Discussion (from *Supplement* to September 1940 JOURNAL) 264–1

A Questionnaire on Concrete Vibration 265
By ARTHUR RUETTGERS

Concrete Aggregate Development on the Claytor Hydro Project 273
By G. W. HUTCHINSON
Discussion (from *Supplement* to September 1940 JOURNAL) 296–1

Precast Joist Concrete Floor Systems 297
Report of Committee 711, F. N. MENEFEE, Chairman

Job Problems and Practice 313
36–52 **Sea water for mixing concrete** 313
36–45 **Out with the "yard"** 314
36–53 **Efflorescence on concrete bricks** 316
36–54 **Compressed air jets as a means of placing concrete** 317
36–55 **Lifting force of freshly placed concrete** 319

Current Reviews 321

(From February 1940 JOURNAL)

Proposed Recommended Practice for Measuring, Mixing and Placing Concrete 329
Report of Committee 614, LEWIS H. TUTHILL, Chairman
Discussion (from *Supplement* to September 1940 JOURNAL) 352–1

Ready-Mixed Concrete Operations in Philadelphia 353
By ALEXANDER FOSTER, JR., HERBERT J. KNOPEL and HERBERT J. WHITTEN
Discussion (from *Supplement* to September 1940 JOURNAL) 372–1

The Design of Concrete Mixes 373
By CHARLES T. KENNEDY
Discussion (from *Supplement* to September 1940 JOURNAL) 400–1

Proposed Specifications and Methods of Testing for Concrete Staves to be Used in Farm Silo Construction 401
Progress Report of Committee 714, C. A. HUGHES, Chairman
Discussion (from *Supplement* to September 1940 JOURNAL) 408–1

Job Problems and Practice 409
36–56 **How to keep horizontal construction joints moist while carpenters are at work?** 409
36–57 **What equipment to lift face forms of dam?** 412
36–54 **Compressed air jets as a means of placing concrete** 413

Current Reviews 417

(From April 1940 JOURNAL)

President's Address 425
By F. E. RICHART

The Properties of Concrete Mixes 433
By R. F. BLANKS, E. N. VIDAL, W. H. PRICE and F. M. RUSSELL
Discussion (from *Supplement* to September 1940 JOURNAL).... 476–1

Frost Resistant Concrete 477
By R. B. YOUNG
Discussion (from *Supplement* to September 1940 JOURNAL).... 492–1

Tolerances in Building Construction 493
By JOHN R. NICHOLS
Discussion (from *Supplement* to September 1940 JOURNAL).... 496–1

The Contribution of Ready-Mixed Concrete to the Building Industry .. 497
By H. F. THOMSON
Discussion (from *Supplement* to September 1940 JOURNAL).... 508–1

Resume of Report by Committee 317 (Reinforced Concrete Design Handbook) 509
By A. J. BOASE, Author-Chairman

Job Problems and Practice 513
36–58 **Design of reinforced concrete columns under eccentric loads** 513
36–54 **Compressed air jets as a means of placing concrete** 517

Current Reviews 521

(From June 1940 JOURNAL)

Attempts to Measure the Cracking Tendency of Concrete 533
By ROY W. CARLSON
Discussion (from *Supplement* to September 1940 JOURNAL).... 540–1

Stress Increases in Compressive Steel Under Constant Load Caused by Shrinkage 541
By G. A. MANEY and M. B. LAGAARD
Discussion (from *Supplement* to September 1940 JOURNAL).... 552–1

Permeability, Acid, and Absorption Tests of Mortars Used in Dry Tamped Silo Staves 553
By C. A. HUGHES

Effect of Impact on Reinforced Concrete Beams 581
By T. D. MYLREA
Discussion (from *Supplement* to September 1940 JOURNAL).... 596–1

Revised Application of Fineness Modulus in Concrete Proportioning ... 597
By HENRY L. KENNEDY
Discussion (from *Supplement* to September 1940 JOURNAL).... 616–1

Comparison of the Physical and Mechanical Properties of Hand Rodded and Vibrated Concrete Made with Different Cements 617
By GEORGE W. WASHA
Discussion (from *Supplement* to September 1940 JOURNAL) 648-1

The Application of Some of the Newer Concepts to the Design of Concrete Mixes 649
By W. M. DUNAGAN
Discussion (from *Supplement* to September 1940 JOURNAL) 684–1

Job Problems and Practice 685
36–54 **Compressed air jets as a means of placing concrete** 685
36–59 **What to expect of frozen concrete** 686
36–60 **Strength of low-heat cement at 28 days** 687

Current Reviews 689

(From Section 1 of Supplement* to September 1940 JOURNAL)

Index Proceedings 705

Index Current Reviews 715

*The "A. C. I. Directory" formerly included in the annual volume of *Proceedings* appears now only as a separate publication (Section 2 of Supplement).
